Allowable Subject Matter

Claims 1-49 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not clearly teach the use of a peelable and solvent-free maskant (claims 1-18 and 48-49) and line sealant (claims 19-47) that are cured by actinic or ultraviolet radiation after application to a metal substrate, followed by chemical treatment (milling, anodizing, or deoxidizing) of the metal substrate through the cured maskant and line sealant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
